

A full product line of solutions.

Our robust product line offers a broad-spectrum of physiological support for horses. Product selection is made simpler by understanding and identifying the benefits each product offers.

Improving
**animal health
& performance
since 1983.**

We are the leading innovator of products that support the physiological needs and performance benchmarks of animals challenged by stress events or production demands.

From our roots in hydration technology we have expanded our innovation platform to offer a wide spectrum of product solutions to keep animals drinking, eating and producing.

EQUINE
BLUELITE®

Proper **Hydration**
Makes **Everything**
Work Better

Equine BlueLite®

Unique electrolytes to maximize hydration when your horse needs it most.

Equine BlueLite provides buffered electrolyte rehydration therapy. Combined with prebiotics and probiotics, vitamins, and energy metabolites, BlueLite products restore nutrients lost during exercise, helping establish and maintain electrolyte balance and maximize hydration.

Equine BlueLite Powder

provides a supplemental source of electrolytes for all classes of horses.

Available in a 6 lb pail

Equine BlueLite Pellets

is formulated to provide supplemental energy and electrolyte support for all classes of horses.

Available in 5 & 15 lb pails

Equine BlueLite Jel

supplements horses with a unique combination of electrolytes to provide oral hydration support.

Available in 2.12 oz. tubes

Full product line for full support

The TechMix equine product line is designed to help improve and achieve optimum performance by supplying specific nutritional components needed for promoting wellness and sustained health. We offer a spectrum of products that maintain horse fluid balance, ease digestive discomfort, improve conditioning, and aid overall performance.

Colostru-Boost™

A line of products that leverage the power of colostrum.

Colostru-Boost™ products contain bioactive components from colostrum resulting in a powerful product line of supplements that boost performance and support the well-being of horses.

Colostru-Boost Performance Powder is a supplement with bioactive components combined with vitamin E and probiotics that provides cellular support for muscles while also addressing foregut and hindgut integrity.

Available in 1.2 lb bag

Colostru-Boost Recovery Pellet is a supplement leveraging the power of plasma proteins and bioactive components from colostrum to support the stomach, a healthy digestive tract, and a calming influence.

Available in 10 lb pail

Colostru-Boost Protection Paste is a supplement containing bioactive components from colostrum that support a healthy digestive tract.

Available in 2.8 oz. tube

Equine Natu-Lax® Psyllium Pellet & Powder

Promote and maintain digestive support in the presence of colic.

Horses that are prone to colic events or live in sandy regions need extra support to ensure that their digestive system remains healthy. Equine Natu-Lax® supplements can be used as part of a preventative maintenance program to help avoid colic events.

Natu-Lax Pellet is an apple-cinnamon flavored pellet containing 99% pure psyllium. NATU-LAX may be used when sand colic is present and for enteric lubrication of horses.

Available in 5 & 20 lb pails or 40 lb bag

Natu-Lax Powder is combined with probiotics, vitamins, minerals, and biotin and used when sand colic is present for enteric lubrication of horses.

Available in 5 lb pail

Restart® products

Our revamped product line provides a variety of nutritional approaches to help improve overall horse health. From conditioning of either hard- or easy-keepers to enteric support, the Restart line provides energy and nutrients that provide the proper nutrition needed to support body condition and overall appearance along with joint and gut integrity.

Restart® Builder

For Hard Keepers

RESTART® BUILDER is a palatable daily supplement providing a source of cool calories, omega 3 & 6, protein, fiber, vitamins, trace minerals, and probiotics to improve overall body and coat condition.

Available in 15 lb pail

Restart® Balancer

For Easy Keepers

RESTART® BALANCER is a daily supplement to fortify the daily ration by providing essential vitamins and minerals needed for optimum wellbeing.

Available in 3.75 or 25 lb pails

Restart® TriFlex

Joint, Hoof & Coat Pellet

RESTART® TRIFLEX contains what a horse needs to help improve joint health, strengthen hooves, promote a healthy coat, and support immunity.

Available in a 4 lb pail

Restart® GutBugz

Microorganisms to balance the digestive environment

RESTART® GUTBUGZ contains **25 billion** live bacterial cells per ounce to help support gut health. Product may be used during transport, housing, routine, feed, or environmental changes.

Available in 1.54 lb bag
